

# The Travelling Art Gallery

Fairlawns Boutique Hotel is proud to be associated with The Travelling Art Gallery founded by Barbara Lenhard and Florian Gast. It's an initiative to exhibit talented South African artists across the globe.

Strong, colourful and diverse pieces of art from 12 South African artists will be on display at Fairlawns Boutique Hotel from early November 2018.

The team of The Travelling Art Gallery has carefully chosen artists to represent a new era of South Africa. Affordable, fresh, exciting.

05 November 2018, Johannesburg, *Fairlawns Boutique Hotel & Spa*, will be collaborating with *The Travelling Art Gallery* to showcase South African artists at an exclusive Art Auction Dinner.

The Travelling Art Gallery, started by Barbara Lenhard and Florian Gast, is an artists' initiative to exhibit talented South African artists, across the globe. Fairlawns, nestled in Sandton, is a well-known patron of the Arts and boasts over five acres of beauty, which is itself sheer artistry.

The intimate evening will see art lovers and people who support South Africa and during the dinner and social evening an auction of 10 to 12 art pieces. Art which the artists who travelled with their art to Europe earlier this year and who had the idea to support and assist through their contribution in some form of the funding for future travels. Strong, colourful and diverse pieces of art from the exhibited South African artists will be proudly on display at Fairlawns on the evening of the 5 November, the night to celebrate passion and art from South Africa. "An essential part of the collaboration is the transformative power of connecting people through art," enthuses Barbara, "our aim is to take South African art to the world and to invite the world to South Africa."

"Art is a tremendous vehicle to promote South Africa and we see this as a natural collaboration and opportunity to support in any way we can," explains Michael Kewley, Managing Director of Fairlawns, on their involvement. Fairlawns, an award-winning urban oasis, offers experiences to engage all the senses.
